Plans

Continued implementation of the Communication and Learning Strategy, the following activities will be scaled up:-

- Conducting regional Media workshops and field visits to project sites.
- Continue participating in Tier 4 Microfinance Act dissemination.
- Conducting regional level radio talk shows.
- Production of a documentary & newsletter.
- Partnership with New Vision to feature Field SACCO success stories under '*PAKASA*' magazine featured every Sunday.
- Produce I.E.C materials

.....Plans Continued

- Operationalization of the M&E MIS, and the Savings Group MIS (SAVIX).
- Facilitating feedback sessions and reflection forums with service providers for the two key investment components.
- Undertaking field based validation M&E exercises.
- Undertaking specific M&E Studies.
- Facilitating the planning and reporting processes for the project.
- Documenting lessons of implementation and capture stories from project beneficiaries.

Challenges

- **People** – as a component of the M&E System.
- Shifting targets, especially in the SACCO Component.
- Agreement on the Project Indicators for incorporation into the RIMS.

Support Required

- Agreed upon interventions, especially in the SACCO Component.
- Agreed upon measures of performance for SACCOs.
- Revision of contract monitoring and remuneration terms to give more weight to submission of data
